

## GAMBLING AT TONY'S, SAYS GRANT

INVESTIGATOR SAYS HE WITNESSED POKER GAME BEING CONDUCTED IN LOCAL POOL-ROOM.

Close on the heels of his statement that the entire county of San Mateo is "saturated with gambling," and that it is not necessary to go to the "notorious Northern Club" in Daly City, or the "notorious Villa Mateo at Colma" to uncover violations of the law, Grant declares in a letter which he has sent District Attorney Franklin K. Swart that he personally witnessed a poker gambling game being conducted in Tony's Poolroom on Grand avenue in South San Francisco.

Following is a copy of the letter sent to District Attorney Swart: (Letterhead of State Law and Enforcement League)

March 11, 1919.

Hon. Franklin Swart, District Attorney, San Mateo County, Redwood City, Calif.—My Dear Sir: Yesterday I sent you a letter citing certain incidents of gambling in a poolroom in your county, located in the city of San Mateo.

I wish also to direct your attention to the gambling that goes on in the city of South San Francisco, county of San Mateo. As a specific incident, I direct your attention to the fact that I personally witnessed a poker gambling game being conducted in Tony's Poolroom in the city of South San Francisco.

This is at least sufficient information to establish the fact that flagrant gambling is permitted in various portions of the county of San Mateo.

Yours very truly,

EDWIN E. GRANT,

Law Enforcement Executive.

Swart Makes Statement

In a statement to the editor of The Enterprise relative to whether any action would be taken by the office of the District Attorney on Grant's letters claiming to expose gambling and blind pigs throughout the county, Swart hotly condemned Grant's methods. "Grant's letters are designed principally for the press," he said.

"It is up to the local authorities to secure evidence of gambling in their communities. The mere playing of poker for money does not constitute a violation of the law unless it can be proven that the house conducting the game is taking a percentage," Swart said. "This is plainly stated in section 330 of the Penal Code of California."

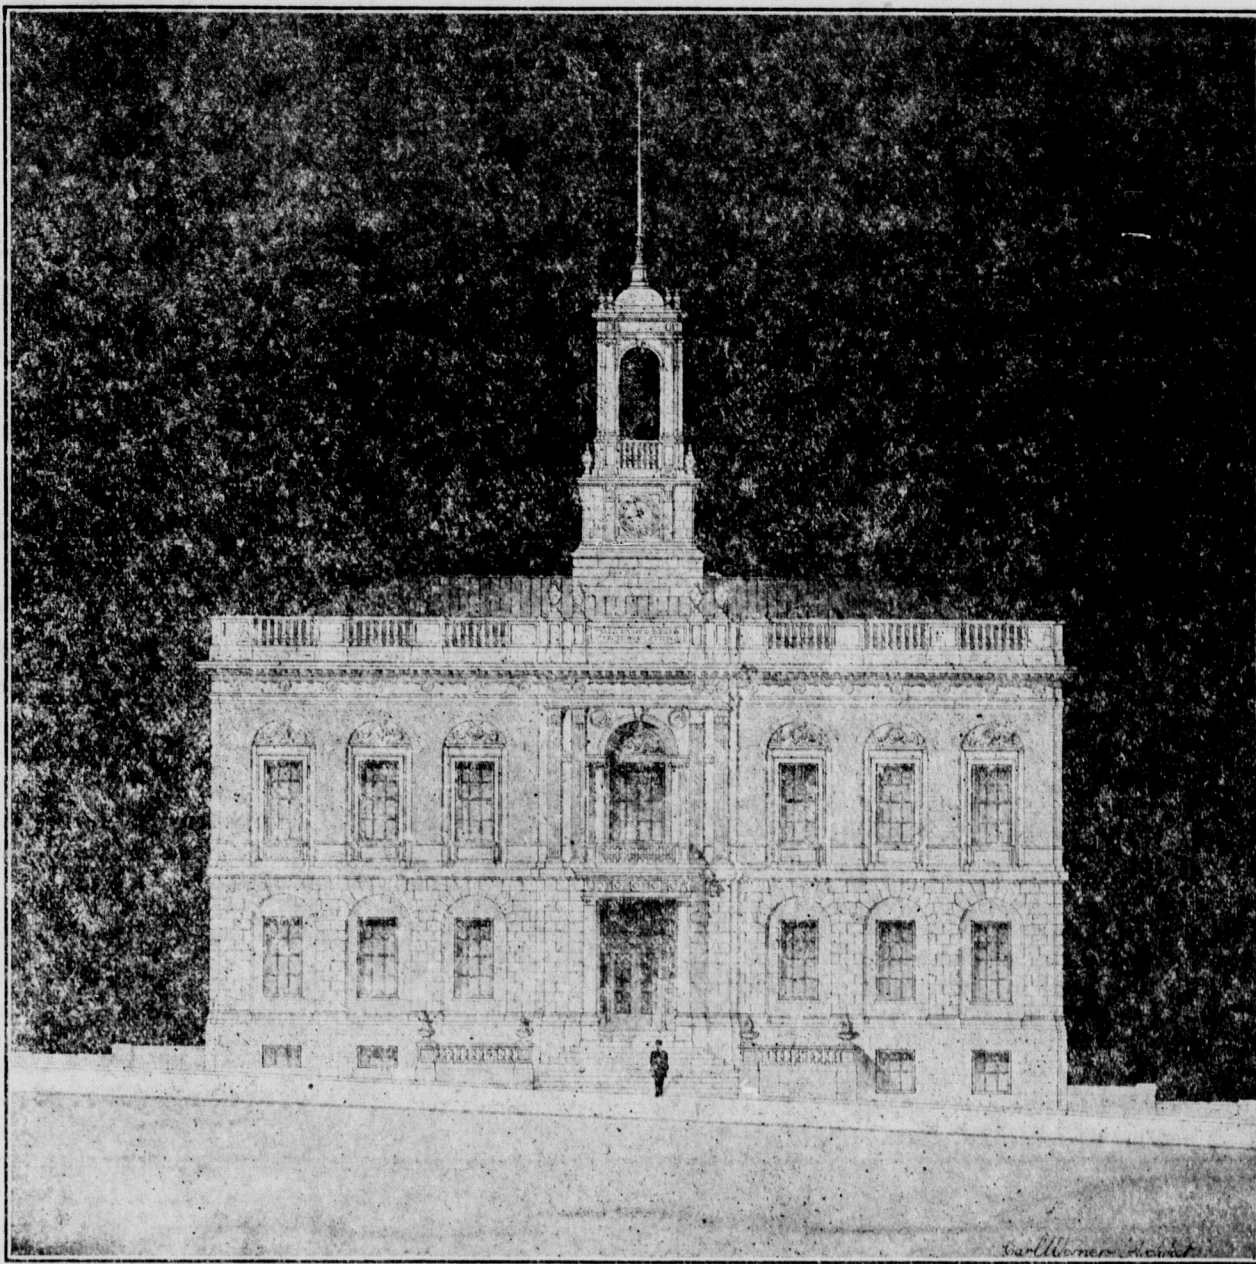

District Attorney Swart stated that he did not wish it to be construed that he would not prosecute any one against whom sufficient evidence was secured to prove that they were conducting a house game for profit, but declared that the mere fact that Grant had witnessed a poker game for money in the poolroom did not constitute sufficient evidence for conviction.

"Taxpayers of incorporated cities pay taxes for their own protection and it is up to the police officials of such cities to secure evidence and make the arrests. The District Attorney's office is not police headquarters. All we can do is to prosecute such cases as may be brought to trial, and this we will do vigorously," Swart said.

## MANUFACTURERS ENDORSE BOND ISSUE

Proposed new City Hall, for which bond election will be held on May 6

## Building of City Hall, Installation of Fire Alarm System and Sanitary Sewer System Given Unqualified Approval by Factory Heads

The proposed election for the issuance of bonds for building a city hall, installing a fire alarm system and a sanitary sewer system, for which an election will be called on Tuesday, May 6, was given unqualified endorsement on Thursday by the Manufacturers' Association of South San Francisco at its meeting in the Palace Hotel.

D. E. Curley, executive secretary, was instructed to prepare a resolution which will be presented to the Board of Trustees, in which the Manufacturers' Association will go on record as favoring the project because of the immeasurable benefit

which will accrue generally to the city from the improvements.

Although fully one-half of the total taxes of the city are paid by the industries, the advantages which the improvements will be to the residents generally will more than offset the additional taxes.

Anything that would add to the beauty, physical improvement or social welfare of the city generally was considered in the light of an investment by the factory officials.

That the reduced fire insurance premiums will more than offset the interest on the bonds and that the improvements would add materially to the property valuations, were taken into careful consideration by the heads of the industries.

### You Must Register

To vote at the forthcoming election for the issuance of these bonds, every one must be registered before April 6. Those who registered for the November elections need not re-register.

The Chamber of Commerce has appointed J. W. Coleberd, E. C. Peck and Dr. F. S. Dolley as a committee on registration, and a vigorous campaign will be conducted to insure that every voter has his name on the rolls before the close of registration.

The new city hall will be built on the Civic Center property, which adjoins the Library and extends to Maple avenue, between Grand and Miller.

### S. NIERI BUYS BROTHER'S INTEREST IN BUSINESS

S. Nieri and Louis Nieri, formerly equal owners of the Nieri Bros. furniture business and Nieri Bros. undertaking parlors, have dissolved partnership and the business is now under the sole ownership of S. Nieri, who has bought the interest previously owned by Louis Nieri.

The younger brother, Louis Nieri, is now employed at the furniture store.

Mrs. Elizabeth M. Nash, County Clerk of San Mateo county, was elected secretary of the County Clerks' Association for the coming year at the annual convention in Sacramento Monday. She succeeds her late husband, Joseph H. Nash, who was secretary of the association for a number of years.

Mrs. Nash attended the convention.

Other officers elected were: H. A. Pfister of Santa Clara county, president; Grant G. Halliday, Solano county, first vice-president; J. B. McLees, San Diego county, second vice-president; Harry W. Hall, Sacramento county, treasurer.

### PRIZES FOR BEST FOX-TROTTERS AT DANCE

It is needless to say much in the way of announcing the coming St. Patrick's Day dance to be given by the South City Gun Club at Fraternal Hall this Saturday evening, for Art Sharkey and John Fischer, promoters of the dance, have been distributing posters and selling tickets with all the energy and enthusiasm of the circus press agent.

Prizes will be given the most graceful fox-trotters, the winners to be judged by competent and impartial judges. "Jazz" music will be the order of the evening, and a permit allowing dancing until 2 a. m. has been issued to the sponsors.

This coming Fourth of July is to be not only safe and sane, but dry!

## DIES SUDDENLY FROM HEART FAILURE

MRS. NELLIE MEELEY SUCCUMBS AT NORMAND HOTEL IN FEW MINUTES FOLLOWING COLLAPSE

Mrs. Nellie Meeley succumbed suddenly to heart failure at 8:30 o'clock Wednesday morning in the restaurant of the Normand Hotel.

The young woman had been a chronic sufferer from the disease and had spent the previous day in bed, but rose at 5 o'clock Wednesday morning to prepare breakfast for two of the guests of the hotel who are employed at the Union Iron Works in San Francisco.

A few minutes previous to the attack she had been chatting with Geo. Roll, proprietor of the hotel, while he was eating his breakfast. Shortly after he left the dining room he was called and told that Mrs. Meeley had fainted. Dr. Dolley was summoned and responded immediately to the call, and, although the woman was still alive when he arrived, efforts to revive her were unavailing and she died within a few minutes after he had reached her side. The body was removed to the Nieri undertaking parlors and later transferred to San Francisco for burial.

The deceased had been in South San Francisco just one month on the day of the fatal attack. She was the daughter of Mrs. Johanna Slattery and the late Richard Slattery and a native of San Francisco.

The deceased is survived by her mother, two sisters, Mrs. J. T. Keegan and Mrs. T. Henneberry, and a brother, John Slattery.

Her home was at 1774 Union street, San Francisco.

## C. J. HYNDING ESTATE IS DISTRIBUTED

JUDGE BUCK ORDERS DIVISION OF PROPERTY AMONG LEGAL HEIRS.

The estate of the late C. J. Hynding, father of Andy Hynding of this city, has been ordered distributed by Judge Buck. The estate was appraised at \$44,975, and from this amount was deducted the expenses of administration and other small sums, making a total of \$3236.52, leaving a balance of \$41,738.48 to be distributed share and share alike to Andrew Hynding and Mrs. Cecelia Helena Hynding Graves, children of the deceased. Mrs. Graves resides in New York. The inheritance tax amounted to \$217.38. C. J. Hynding died at Redwood City on October 15, 1917. Ross & Ross, the attorneys for the estate, received a fee of \$1232.

## STORE ROBBED

Thieves entered the Co-operative Company Stores on Grand avenue last Saturday night and carried off merchandise to the value of \$400.

No trace of the culprits has been found, but the police expect to make an arrest shortly.

## PAY AND FILE INCOME TAX BEFORE MAR. 15

U. S. Internal Revenue Bureau  
Gives Warning That Severe  
Penalties Will Be Enforced.

### WOMEN WITHIN LAW'S SCOPE; HOW THEY REPORT INCOME

The Income Tax drive comes to a close on Saturday night, March 15.

The payments and returns due on that date under the provisions of the new Revenue Law must be in the hands of local Internal Revenue Collectors before their offices close that night.

The Income Tax is being collected to meet the war expenses. Every person who shouted and tooted his horn on Armistice Day is now called upon to contribute his share of the cost of winning the war.

The laggards and the dodgers will face severe fines and jail sentences. The Internal Revenue Bureau announces that its officers will check us all up to see that every person who comes within the scope of the Income Tax law did his share.

#### Where to Pay and File.

Residents of California are required to make their returns and pay their taxes to Justus Wardell, San Francisco, or to John P. Carter, Los Angeles, Collectors of Internal Revenue, who are now doing free advisory work on Income Tax.

Payments sent by mail should be attached to the returns and should be in the form of check, money order or draft. Cash payments by mail are sent at the taxpayer's risk of loss.

If you are unable to make your return personally because of illness, absence or incapacity an agent or legal representative may make your return.

If there are any doubtful points as to your items of income or allowable deductions you should get in touch at once with a Revenue officer or a banker for advice.

#### Women Pay Tax.

Women are subject to all the requirements of the Income Tax. Whether single or married, a woman's income from all sources must be considered.

If unmarried or if living apart from her husband she must make her return for 1918 if her net income was \$1,000 or over.

If married and living with her husband her income must be considered with the husband's in determining the liability for a return. Their joint income, less the credits allowed by law, is subject to normal tax. The wife's net income is considered separately in computing any surtax that may be due. Husband and wife file jointly, as a rule. If the husband does not include his wife's income in his return the wife must file a separate return.

#### Severe Penalties.

The new Revenue Law places severe penalties on a person who fails to make return on time, refuses to make return or renders a fraudulent return. For failure to make return and pay tax on time a fine of not more than \$1,000 is named and 25 per cent of the tax due is added to the assessment. For refusing willfully to make return or for making a false or fraudulent return there is a fine of not exceeding \$10,000 and imprisonment of not exceeding one year, or both.

#### Farmers' Income Taxable.

Every farmer and ranchman who had a fair or a good year in 1918 must heed the Income Tax this year. He must consider all his income as taxable. He is entitled to deduct from his gross income all amounts expended in carrying on his farm. The cost of farm machinery, farm buildings and improvements cannot be deducted. The cost of live stock, either for resale or for breeding purposes, is also regarded as investment.

#### Overtime and Bonuses Taxed.

Salary and wage earners must consider as taxable every item received from employers and from other sources. Bonuses and overtime pay are to be reported as well as the regular payments.

#### Allowances for Losses.

Losses sustained in 1918 and not covered by insurance are deductible items if incurred in the taxpayer's business or trade, in any transaction undertaken for profit or arising from fire, storm, shipwreck or other casualty or from theft.

"Your men have the devil's own punch. Go to it," said Foch to Pershing. That tells the story.

### Dives From Falling Tower, Is Uninjured

Shelton, Conn.—When passers-by saw the high concrete distributing tower erected by contractors for construction of a bridge over the Housatonic river topple and fall into the river with Mike Rigger, one of the workmen, at the top of it they thought a serious accident had occurred. Rigger dived clear of the tower, however, and came up smiling. When the contractors decided to tear down the tower he was sent to the top to loosen the guy ropes which held it in place, and says he had frequently performed the same feat in other places, on similar jobs.

### USE TIME-WORN BOX TRICK

St. Louis Lunch Stand Proprietor Is  
Relieved of \$2,000 in Liberty Bonds.

St. Louis.—The time-worn box trick cost Tony Maccki of this city \$2,000 in Liberty bonds. Maccki, who runs a lunch stand, said he became acquainted with a young man named "Hugo," and the two had planned to buy and operate a chain of candy stores.

Maccki was introduced to an older man, an alleged gold mine operator, who asked Maccki to take care of \$8,000 for him. Maccki, to show his good faith, drew his money from the bank. All the money was supposed to have been put in a black box and given to Maccki to keep until the men returned. When Maccki's wife became suspicious the box was opened and two \$1 bills and pieces of newspaper were found.

#### Girl Tries High Finance.

Chicago.—Although only fifteen years old, Helen Rubo tried a dip in high and frenzied finance here recently. She wrote two checks, the first one for \$15 which she cashed at a grocery, and the second for \$25, which she attempted to cash at the same place. But before she made her second attempt the first check came back, so that now Helen is learning that what the Bible says about the way of the transgressor is true.

## WOMEN OF U. S. LOOK TO WOMEN OF CALIFORNIA

By Mrs. E. R. Brainerd, California State Chairman National Woman's Liberty Loan Committee

Women of California, hark! Our Government comes to us next April with the last Liberty Loan—the Victory Loan.

We women of California have been accorded a place in the affairs of state. We must justify that trust by recording ourselves further as financial factors in the state and nation. Our work must stand out boldly by itself so that all may see that women can actually conduct financial campaigns when the Government calls.

MRS. E. R. BRAINERD

Not only must we do a large share in swinging the Golden State over the top in the Victory Loan, but we must make such a showing that women throughout the nation can point to us and say:

"Women can be all around citizens. It is not theory. The California women proved it in the Victory Liberty Loan."

Let this be our slogan for the next few months: "A hard job but for that reason the best."

It is a challenge.

Women of California, don't fail! Start now.

"At a time when the divisions on its flanks were faltering, and even falling back, the Ninety-first pushed ahead and steadfastly clung to every yard gained."—Official Communiqué.

The Ninety-first was from the Pacific Coast. Remember those boys in the Victory Liberty Loan.

A Canadian Baptist minister, who chose a rifle rather than a chaplaincy and had his leg shot away in action, was being commiserated on the "loss" of the leg.

"I did not lose my leg," he replied. "I traded it for a clear conscience."

Better trade your dollars for a clear conscience in the Victory Loan. You won't regret it and you will get the dollars back with interest.

Gain may be temporary and uncertain, but expense is constant and certain.

Victory has been won, but it must be paid for. Every person is asked to do his share. No one is asked to give—only to lend. Buy War Savings Stamps.

No matter how little the Turk gets out of the peace conference it will be more than he deserves.

## RESCUES DAUGHTER FROM AWFUL FATE

Father Convicted of Murder Is Paroled After Years in Prison.

Boston.—Granted a pardon through the efforts of his eldest daughter, whom he had rescued and educated at his expense after her mother had apparently sold her into a life of shame, Morris A. Hills, once a prosperous farmer of Longmeadow, walked from the state prison here a free man.

On the arm of his daughter, Hills started on a long pilgrimage in search of his youngest children, a boy and

Shot and Killed Delahanty.

girl, about seventeen and eighteen respectively, who have been missing for seven years.

Hills was a well-to-do farmer. He had a hired man named Delahanty. He became suspicious of his wife and the farmhand. Mrs. Hills sued for divorce. Hills made no contest. The divorce was granted. On the night of December 27, 1901, Hills called upon his former wife to arrange a property division. During a quarrel he shot and killed Delahanty. Hills was convicted of murder in the second degree and sentenced to life imprisonment. Hills' former wife married again. She and her second husband have since died. Hills' three children disappeared.

The state parole board, in strongly recommending a pardon for Hills on the ground that he should have been convicted of manslaughter, said:

"A daughter of Hills has been educated at his expense after her mother had apparently sold her into a life of shame. The care and comfort that Hills has been able to bestow upon this daughter speak well for the man's high purpose and capacity. The board feels that the affection the daughter has for her father is deserved by him, and while homicide can rarely, if ever, be justified, it seems to the board that Hills has suffered sufficiently for the crime of which he pleaded guilty."

In other words, the peace delegates believe they know as much about how their business should be conducted as some of those grumpy correspondents do.

The ex-Emperor of Austria has refused to pay his subscription to the eighth Austro-Hungarian war loan. As he aptly reasons, what's the use?

Certainly, transatlantic flight is a simple matter, as Signor Caparoni says. All that is necessary is to go up headed in the right direction and keep on going.

BATTLE SCENES ON THE BATTLE FIELDS OF FRANCE  
(UNDER AUSPICES BRITISH WAR OFFICE)

The biggest event of the entire season in the world of motion pictures will be the presentation of D. W. Griffith's latest film masterpiece, "Hearts of the World," at the Royal Theatre Tuesday and Wednesday, March 18 and 19.

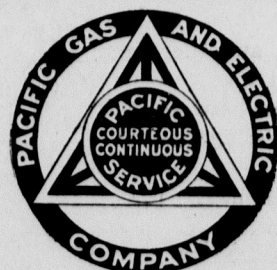

"Hearts of the World" required eighteen months in the making, and many of the scenes were taken on the actual battlefields of France by Mr. Griffith, with the official aid and assistance of the British and French governments. Mr. Griffith, however, is anxious to remove any apprehension that "Hearts of the World" is primarily a war picture. It is, he announces, primarily a love story, in which war figures as the grim background. It may be called "the story of a village," and for more than forty minutes during the exposition of the story there is not a cannon shot, not a suggestion of war's alarms. There is the pretty romance of two girls each in love with the same man; there is the quiet and peaceful atmosphere of a small French town before the holocaust of the war. Then comes the conflict, with its ensuing effects upon the fortunes of those in the little village. The battle scenes shown are actual battle scenes taken right in the trenches during the death struggles of the French and the Germans; only occasionally has it been found necessary to piece the story of the battles together by means of acted

scenes. Thus one sees the life in the trenches; the charges of the French soldiers; the thrilling hand-to-hand conflicts and the thrust of bayonets; the murder of the shells; the great guns in action; the tanks; the attack by liquid fire; the charges and the retreats; the German pill-boxes; the flight of the villagers; the ruthless destruction of property; the treatment of young girls who fall into the hands of the Germans; and other things too numerous to mention, the whole culminating in the arrival of the American troops, of ultimate victory and a hint of future happiness for those who have endured this terrible struggle.

Mr. Griffith is anxious to have it understood that while "Hearts of the World" deals with love and war, it is a drama he has staged, rather than a propaganda film. Yet no one can sit through his wonderful pictorial representation of the tragedy of Bleeding France without going forth more determined than ever that this conflict must be won, that the allies must triumph over their adversaries, and that such grim horrors of war must never happen again in the history of the world.

Prominent in the cast of "Hearts of the World" are the beautiful Gish sisters, Lillian and Dorothy; Robert Harron, George Fawcett, George Seigman and other well-known players.

After all, how dry is a bone?

Modern housekeeping is made a pleasure by using

The Electric Washing Machine  
The Electric Mangle  
The Electric Sewing Machine  
The Electric Silver Polisher  
The Electric Percolator  
The Electric Grill  
The Electric Reading Lamp

The Electric Iron  
The Electric Dishwasher

The Electric Heater  
The Electric Toaster  
The Electric Boiler  
 Mazda Lamps

All of these appliances can be operated from baseboard receptacles or outlets, so that an appliance is instantly available in any room, or in any place in the room. They can be installed in homes now built as well as those being built. The wiring can be done cheaply and so as not to mar the walls, woodwork or decorations.

Lamp sockets should not be depended upon to operate appliances. The base plug eliminates all inconvenience and gives far greater service, as the current comes from a plug designed for this purpose instead of from a lamp socket.

## A Renewal of Building

The Demand Is Sufficient and Further Delay Is Unnecessary.

As was said of specie payments many years ago "the way to resume is to resume." Emphatically that is true of building operations, which have been suspended long enough.

There is no lack of men, of materials, or of money. There is fear that in a period of probably falling prices new buildings will not sell or rent for what they cost.

That there will be some readjustment of prices when full freedom of trade is restored is probable. That there can be any slump is impossible. While the world-wide inflation of currency and credit continues any great reduction of prices cannot take place. It is highly improbable that our price level will ever fall to that which existed before the war. There will be some higher level to which wages and fixed incomes will gradually become adjusted and we shall be relatively situated about as we were before. But the change will be gradual and it is not necessary to give it a thought other than reasonable prudence in incurring obligations payable a long time in advance.

What the world most needs is that each individual shall go about his business precisely as if he had merely been taking a pleasant vacation. If the vacation has been unpleasant, forget it. It is a time for looking forward—not backward. If every one will go at whatever he wishes to do and do it the world will go right on as before.

If our industrial disputes will soon get settled, so that workmen can have reasonable assurance that they will not be called out or turned out there will be a very large demand for good modern workmen's dwellings. While some people never will save, a great many others will, and there is nothing for which any one will more joyously save than for getting a real, genuine home for oneself and family.

And that is true not only of manual but other workers. We all want a home to live in and whether we buy it cheap or pay a little too much really does not matter, although the former is preferred. But while we are waiting we are not living in our homes.

We suggest that we all stop spending our time worrying about how we shall regulate other folks, go to work and let others do the same. And the building trade is a good place to start.—San Francisco Chronicle.

## The Sixty-fifth Congress

The Sixty-fifth Congress, just expired, has been a body of remarkable experiences. No Congress in our history has had as many and important problems with which to deal. We will all agree that it did many wise and beneficent things and many things that it should not have done. Also that it failed to do many things which it should have done.

This summary only shows that a body of men is human, and therefore both as well-intentioned and as liable to err as the individual man.

We remember that this Congress declared a state of war between the United States and the imperial German government, and later, against the Austro-Hungarian government.

We gasp when we learn that in two years it appropriated nearly fifty-billion dollars.

It passed the greatest tax laws in parliamentary history, in two years levying ten billion dollars in taxes upon the people. And in the same time it authorized bond issues aggregating twenty-two billions.

It passed a law to make the country dry after July 1, 1919, for the duration of the war. And then it passed a constitutional amendment for national prohibition.

After it had made its great appropriations for different war purposes it usually had to turn to and investigate the application of the funds.

It was in every sense of the word a militant body. When it was not making war appropriations or pursuing war investigations or appointing food or fuel war commissions it was generally engaged in internal dissensions or in dissensions with the administration.

After all it was our Congress and a thoroughly American one. It did the thing it set out to do, supplied the country with nearly four million fighting men, furnished the sinews of war for them and stood at their backs while they went through to victory. It has packed its valise and gone home to rest and repair its political fences.

Peace to its cigar ashes and fulfillment to its dreams!

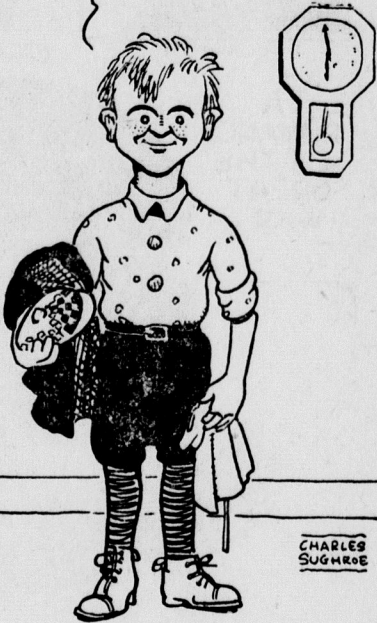

It apparently will be Victory Liberty short-term notes instead of bonds in the next April campaign. But whether they are notes or bonds, it is up to you and me to subscribe to our limit anyhow.

If railroad wages keep up we shall soon have an aristocracy of wealth in which Pullman porters possessing yachts and brakemen owning Packard cars will figure.

## E. E. CUNNINGHAM MEMBER OF PEACE COMMITTEE

Judge E. E. Cunningham has received notice from R. B. Hale, chairman of the Regional Executive Committee of the League to Enforce Peace, that his appointment as a member of the San Mateo county committee for a League of Nations has been approved by the organization.

The complete membership of the county committee is as follows:

Charles E. Winning (chairman), San Mateo.

E. J. Malone, San Bruno.

Mrs. E. J. Turk, Belmont.

Mrs. George A. Merrill, Redwood City.

Judge E. E. Cunningham, South San Francisco.

Ex-President William Howard Taft is president of the league.

## SAN MATEO ELKS HOLD ELECTION OF OFFICERS

J. E. McCurdy, the San Mateo attorney, was unanimously elected exalted ruler of San Mateo lodge of Elks at the annual election. McCurdy succeeds Exalted Ruler Lee T. Ross, who has presided over the lodge during the present successful year. The other officers elected are:

Leading knight, E. L. Hoag; loyal knight, J. S. Hunter; lecturing knight, Fred W. Birken; secretary, Horace W. Amplett; treasurer, George W. Berry; trustee, William Waters; tiler, R. W. Wisnom; delegate to the Grand Lodge, Lee T. Ross; alternate delegate, Harry F. Robb.

The annual banquet of the lodge will be held this year in the club rooms on Saturday evening, March 29. It is under the direction of a committee composed of W. H. Toepke and Lee H. Newbert, who have handled all the banquets of the lodge since its organization.

Leading knight, E. L. Hoag; loyal knight, J. S. Hunter; lecturing knight, Fred W. Birken; secretary, Horace W. Amplett; treasurer, George W. Berry; trustee, William Waters; tiler, R. W. Wisnom; delegate to the Grand Lodge, Lee T. Ross; alternate delegate, Harry F. Robb.

The section of the revenue act approved February 24, 1919, which authorizes the payment of a sixty-dollar bonus to all soldiers and sailors honorably discharged from the service, is a piece of fair and wise legislation.

The nation has taken these men from positions where they were earning a living and has employed them in its defense at a wage less than they were receiving. It is incumbent upon it to protect them against the chance of a delay in finding employment. If a man goes directly back to a position the bonus will be useful to him. But if it takes time for him to secure employment the sixty dollars will be a wonderful help in tiding him over.

Those who are discharged hereafter will receive the bonus with their final pay. Soldiers who have been discharged and have not received it should communicate with the zone finance officer, Lemon building, Washington, D. C., stating particulars and enclosing their discharge certificates. Sailors discharged without the bonus should make claim for payment upon the naval bureau of supplies and accounts at Washington.

The German financial reports show a deficit of several billions of marks. Who can wonder, when we consider the marks Germany left upon Belgium and northern France?

Three different opinions are advanced in the peace conference as to the nature of damages for which Germany should pay indemnities. But no one either in the peace conference or in the whole world doubts the obligation of Germany to pay indemnities of some kind.

## FRANK L. EKSWARD GETS BILLS THROUGH

## LEGISLATION PASSED THROUGH ASSEMBLY AND ON WAY TO THE SENATE.

A number of bills fathered by Assemblyman Frank L. Eksward were passed through the Assembly last week on their way to the Senate. Among them are several of interest to the people of San Mateo county. Among them are:

Bill making terms of city clerks and treasurers four years instead of two.

Fire district bill, to take care of the Menlo Park situation as well as other fire districts of like character in the State. This bill was so well formulated that Percy V. Long, formerly City Attorney of San Francisco, secured copies and is forwarding them to various communities in the East for their use.

This week Eksward is having a hearing before the motor vehicle committee on the main motor vehicle and all kindred bills that have been introduced for the purpose of amending motor vehicle legislation for the ensuing two years. Eksward has declared that he is endeavoring to so formulate the motor vehicle laws at this session that there will be no necessity of amending them at every succeeding session.

On Thursday of this week there was a public hearing on the proposed State Highway bond issue, at which time the skyline boulevard project was taken up for the purpose of having it incorporated in the bond issue.

## ORDINANCE NO. 101.

An Ordinance of the Board of Trustees of the City of South San Francisco Permitting the County of San Mateo to Use That Portion of Mission Road Within Said City of South San Francisco for the Purpose of Constructing and Maintaining a Highway Thereon.

The Board of Trustees of the City of South San Francisco do ordain as follows:

Section 1. The County of San Mateo is hereby permitted to use all that portion of that certain highway known as Mission Road within the incorporated limits of said City of South San Francisco for the purpose of constructing and maintaining thereon any highway or boulevard, as part of the County system of roads, pursuant to the provisions of an Act of the Legislature of the State of California, entitled "An act authorizing any incorporated town, city or municipal corporation to permit the construction and maintenance of any state or county highway or boulevard over highways or streets in its incorporated limits, or any portion thereof, by the supervisors or highway commissioners of the county," approved March 18, 1909.

Section 2. This ordinance shall be published once in "The Enterprise," a weekly newspaper published and circulated in said City of South San Francisco, and shall take effect and be in force from and after the expiration of thirty (30) days after the date of its passage.

Introduced this 3rd day of March, 1919.

Passed and adopted as an Ordinance of the City of South San Francisco at a regular meeting of the Board of Trustees of the City of South San Francisco, this 10th day of March, 1919, by the following vote:

Ayes, Trustees F. A. Cunningham, A. J. Eschelbach, M. F. Healy, J. H. Kelley and G. W. Holston.

Noes, Trustees none.

Absent, Trustees none.

Approved: GEO. W. HOLSTON, President of the Board of Trustees of the City of South San Francisco.

Attest: WILLIAM J. SMITH, City Clerk.

## Planned for the Warmer School Days

The two youthful and pretty dresses pictured above could never be mistaken for anything other than they are. Everything about them spells practical and tasteful style for the girl in her teens, and at the beginning of those crowded and lively years—anywhere from twelve to sixteen years.

As in nearly all the frocks for young girls, the skirts are plain and wide enough to allow perfect freedom, without being bulky. They are almost as long as some of those worn by grown-ups, terminating in three-inch hems, about six inches or a little more above the ankles. The dress at the left has a slip-over middie in a good style for a slender girl. It has a shallow yoke with round, plain neck that extends over the shoulders and top of the arm. This widens the figure. The body of the middie is gathered into this and there are long plain sleeves with turn-back cuffs. There are delightful and practical patch pockets set on even with the bottom of the middie, having a turn-over band at the top finished

with small pearl buttons. A narrow belt of patent leather, run through slides made of the cloth, fastens at the front with a small black buckle.

The model shown at the right was designed for cotton cloth but would make a handsome suit in jersey—either wool or silk. It is cut on the lines of a middie but is one of those new designs that manage to be like two-in-one garments, with its overgarment having revers at the front and an opening which extends part way down and fastens with large pearl buttons. The sleeves flare a little at the wrists and the turned-back cuffs, like the revers are made of white percale or other heavy white cotton goods, while the dress is in a color. Slides of the material on each of these dresses support the narrow patent leather belts, fastened with buckles, that make so smart and practical a finishing touch on these frocks.

### CHURCH NOTICE.

At the regular services of St. Paul's Methodist Episcopal Church, Sunday, March 16, the pastor will preach on the following themes:

11 a. m., "The Stewardship of Souls."

7:30 p. m., "The Man Who Blamed Others."

Bible school at 10 a. m. Lesson subject, "The Cities of Refuge."

Epworth League service at 6:30 p. m. Topic for discussion, "Our League's Obligation to Its Community." Leader, Miss Zilda Constable.

All are invited to attend these services.

### CHRISTIAN SCIENCE SOCIETY SERVICES

The Christian Science Society of South San Francisco will hold services Sunday morning at 11 o'clock, Sunday school at 9:45 a. m. and testimonial services Wednesday evening at 8 o'clock in Fraternal Hall, Grand avenue, near Maple. Subject of lesson sermon, "Substance." Attendance of the public is invited.

### ENTERTAINS AT ST. PATRICK LUNCHEON

Mrs. Charles Schurk on Wednesday entertained a party of nine at luncheon, followed by cards, at her home on Miller avenue.

The appointments and decorations were in keeping with the forthcoming birthday of Ireland's patron saint. Long festoons of green streamers formed a canopy over the table, in the center of which was a large green centerpiece. The place cards and score cards of green fitted in attractively with the decorative color scheme.

### REGINA ELENA CIRCLE DANCE IS SUCCESS

The Regina Elena Circle, Order of Druids, dance at Fraternal Hall on Sunday evening last drew a large attendance and the evening was enjoyable and profitable, as is usual with the affairs conducted by this organization.

The officers of Regina Elena Circle are Mrs. Mary Bollazzi, president; Miss Angelina Raffaelli, vice-president.

Mike Minnucciani was floor manager of the dance, having as his assistants Miss Claurina Raffaelli and Miss Flora Viani.

## RED CROSS WANTS USED CLOTHING

### DRIVE TO BE CONDUCTED DURING WEEK OF MARCH 24 BY FRATERNAL ORGANIZATIONS.

Every fraternal organization in the States of California, Nevada and Arizona has been asked to lend its support in the American Red Cross campaign for used clothing, shoes and blankets, to be conducted the week of March 24-31. A minimum collection of 10,000 tons is asked for in America, 700 tons of which have been allotted to the Pacific Division.

This clothing is to be used for relief of the suffering peoples of all liberated countries in Europe with the exception of the central powers. American Red Cross commissions in Europe have cabled national headquarters of the terrible suffering, through lack of clothing, of the peoples of these liberated countries and stressed the fact that immediate relief is absolutely necessary.

Fraternal organizations have figured prominently in every campaign conducted in the past by the Red Cross and indications are that they will rally to the cause 100 per cent strong during the last week of this month.

Despite the fact that numerous campaigns for old clothing have been conducted by different relief organizations in the past, Pacific Division officials feel that there is at least one garment in every household that could still be sacrificed to the cause. It is the intention of division headquarters to make it as easy as possible for the donors to make their gifts during the week of the drive. It is planned to have thoroughly organized collection centers and, wherever possible, to call upon every household for its contribution.

### Knitted Garments Reported

The bureau of products has just completed a report of the knitted garments received from the chapters of the Pacific Division during the period from July 1, 1918.

Following are the articles and the quantity received:

## PUBLIC WELFARE WORK

Under this heading The Enterprise will publish weekly articles furnished by the San Mateo Conference of Social Agencies, dealing with public welfare work.

A meeting of the executive committee of the San Mateo county conference of special agencies was held last week on Thursday morning at the residence of Mrs. John F. Merrill in Menlo Park. Plans were made for a series of lectures to be held in different parts of the county. Excellent speakers will be obtained for these lectures, which are to arouse the people of San Mateo county to a broader and higher social vision.

The first of the lectures was held on the evening of March 13 at the home of Mrs. Merrill, when Miss Katherine Felton and Professor Krehbiel of Stanford University were the speakers.

All arrangements have been completed for a splendid lecture at the home of Mrs. John B. Casserly in Hillsborough on the evening of Thursday, March 20, at 8:30 o'clock, when Professor Krehbiel and Dr. Aurelia Reinhardt will speak on the "New Social Viewpoint." The public are cordially invited to attend all of these lectures.

Lectures are to be given at Half-moon Bay and South San Francisco during this month of March, and notice will be given of these in the near future.

The purposes of the San Mateo County Conference of Social Agencies are the following:

1. To raise the standard of social work.
2. To promote a closer co-operation among social agencies and workers.
3. To create a wider interest in all laws and affairs pertaining to social and civic betterment.
4. To secure the active interest of individual and commercial and public organizations in social welfare work.
5. To arrange for speakers and conferences or other meetings for the discussion of social problems.
6. To secure an intelligent understanding of the purpose of the California State Conference of Social Agencies, and to promote interest in and secure support for and to send delegates to the annual State conference.

The membership list is to be opened in the near future, when both men and women will be given an opportunity to join this organization.

## FAVORABLE REPORT ON HUNTERS POINT BILL

### PROJECT FOR RECLAIMING OF TIDE LANDS BACKED BY INFLUENTIAL ORGANIZATIONS.

The first favorable action on the project to level Hunters Point and convert that territory into an industrial district was taken Tuesday when the Senate Committee on Commerce and Navigation decided to report favorably on the bill introduced jointly by Scott and Canepa calling for a \$50,000 appropriation by the State to cover the cost of a survey.

By George W. Gebhard, Secretary of the Civic League Improvement Clubs and Associations.

The Civic League of Improvement Clubs and Associations is highly appreciative of the practically unanimous support of its Hunters Point development bill, and notes with satisfaction that all opposition thereto is based merely upon misapprehension and misunderstanding.

The enabling act to create a survey board was properly introduced at the State legislature for the reason that the State is as much, if not more, interested in the solution of this problem than either the city and county of San Francisco or the county of San Mateo.

Two counties being thus jointly interested, at once makes it a State matter, and the State legislatures of the past have always seen to it that the city and county of San Francisco scrupulously observed its county boundaries, which deprives the city of any opportunity of expanding, or "Los Angelizing," as it has recently been called, and which is freely accorded to all other cities in this State.

This San Franciscans discovered in promoting the proposed skyline boulevard down San Mateo county, which is an acknowledged State project and a portion of the greater State highway system.

The proposed industrial site development, if undertaken, cannot be

made to stop at the arbitrary line between political subdivisions, hence the necessity for action by the State.

Secondly, San Francisco's water front being the only one, with one exception, that is controlled by the State of California, very properly makes the State an interested party, particularly as the Board of State Harbor Commissioners, through the local press of February 15, 1919, made public their plans for extensive water front improvements immediately adjacent and to the north of Hunters Point peninsula.

Where can the harbor board secure most economically the rock necessary for its seawall surrounding its contemplated improvements, if not from this rocky promontory, which now acts as a barrier to all legitimate industrial development? Therefore, the president of the Board of State Harbor Commissioners is made a member of the survey board. He protects the interests of the State, and the water front it controls, and will see to it that the board's recommendations will be in line with the State's policies of finance and harbor extension.

With these facts before us, why should not the State logically advance the funds necessary for this survey?

San Francisco cannot do it, for it is unconstitutional for it to spend a single dollar which may possibly go to the development of a portion of San Mateo county. Vice versa, neither can San Mateo county expend anything which may possibly benefit San Francisco.

Mr. McCallum, the president of the Harbor Commissioners, stated at the meeting of the joint legislative committees on commerce and navigation that every pound of freight to and from the proposed industrial district would yield revenue to the State harbor management.

With the State's interests thus clearly pointed out, no civic or commercial organization claiming to act for the good and welfare of the city and county of San Francisco can consistently oppose the Civic League's measure, unless such opposition is based on hidden ulterior motives.

We are glad to say that, in addition to the constituent organizations of the Civic League, the Downtown Association, the Mission Promotion Association, the Haight and Ashbury Improvement Association, the only three associations of this nature not affiliated with the Civic League, have heartily endorsed the project, as have the labor bodies of this city and the Supervisors of San Francisco and San Mateo counties. Every commercial and civic organization of San Mateo county has likewise endorsed the measure.

### SQUARE DEAL FOR EVERY INCOME TAX PAYER.

Washington, D. C. — "The rights of all persons now filing income tax returns are amply protected by provisions for abatements, refunds and appeals," says Commissioner Daniel C. Roper.

"Every person can be sure of a square deal. No person is expected to pay more than his share of tax. His share is determined solely by the amount and nature of his net income for 1918, as defined in the law."

"Abatement petitions are dealt with open-mindedly. Refunds will be made in every case where too much tax is erroneously collected."

"The Income Tax is 'on the level' all the way through."

### ASSESSMENT ROLL BEING PREPARED BY ASSESSOR

County Assessor D. P. Flynn has commenced his work of assessing the real property of the county. He will finish his task on July 1. D. J. Lynch is to have charge of the assessing in the Fourth Township, Ben Truax in the First and W. W. Casey in the Second.

## LOCAL HAPPENINGS TOLD IN BRIEF

Mrs. A. P. Scott entertained the Ladies' Aid Society of the M. E. Church on Wednesday afternoon. The Euchre Club will meet there next Friday.

Mrs. Caroline Coffinberry is taking subscriptions for the Red Cross Magazine. The subscription price is \$1 to Red Cross members and \$2 to outsiders.

Dr. Doak returned Wednesday from a fishing trip.

Adolph Jacobs was in town visiting old acquaintances the latter part of last week. Mr. Jacobs was formerly a merchant of South San Francisco. He built the store now occupied by Curusis and Jennings' Pharmacy.

Phil Fioletti went to Sacramento for the week-end to visit his mother.

H. Howe spent Sunday at the home of W. C. Schneider.

C. Ferrario is recovering rapidly from his recent illness.

Mr. and Mrs. I. Shemanski were visitors Sunday at the new home of the Kents on Spruce avenue.

War savings system is to be continued—so the pennies, nickels and dimes will have just as much chance to be saved as ever.

Railway officials feel that they have been sidetracked long enough.

### ELECTION OF SCHOOL TRUSTEES MARCH 28

County Superintendent of Schools Roy W. Cloud has sent out election supplies to the various school districts of San Mateo county for the trustee elections which will be held Friday, March 28. Any one who desires to be a candidate for the office of trustee must notify the clerk of the district in writing by March 22.

The term of E. N. Brown, local School Trustee, expires May 1, and he has already filed notice with City Clerk William J. Smith that he is a candidate for re-election.

## News of the County

### ALLEGES BETRAYAL.

Halfmoon Bay is buzzing with excitement over the announcement that a prominent citizen of that place has complained to the county authorities that his 15-year-old daughter was betrayed by a Halfmoon Bay man and that several others are implicated. It was reported that arrests would be made.

### N. D. G. W. TO FORM PARLOR.

Definite steps toward the formation of a parlor of Native Daughters in San Mateo were taken at a big meeting of Native Sons and Daughters of the peninsula held in Odd Fellows' Hall, San Mateo. Members of the two orders were present from Burlingame, San Mateo, Redwood City, Menlo Park and San Jose.

### McGILVRAY DEFENDANT.

John D. McGilvray, brother of Harry S. McGilvray, San Mateo man, is the defendant in a damage suit being heard by a jury in San Francisco.

Mrs. Gabrielle Traynor of Burlingame is suing McGilvray for \$29,352 in damages. She declares he was at fault when, on January 18, 1917, his motor car collided with her sedan on the State highway near Millbrae.

### COUNTY CLERK HOME.

County Clerk Elizabeth M. Nash and Deputy County Clerk Elinor Falvey returned Tuesday night from Sacramento, where they attended the convention of the County Clerks' Association.

### BASE HOSPITAL AT CAMP

#### FREMONT ORDERED CLOSED

Definite orders closing the doors of the base hospital at Camp Fremont and sending all the patients there to the base hospital at Camp Kearny, were received at Fremont Tuesday.

Rumors during the last few days indicated that the patients would be sent to the Letterman General Hospital, but the crowded condition there caused a change in the War Department's plans, it is believed by army men.

There are about 400 patients at Camp Fremont, nearly all of them wounded overseas and nearly all well on the way to recovery. The transfer will be made next week.

What disposition will be made of the medical corps personnel at the Fremont base hospital or of the equipment is not known. These points are not covered in the instructions that arrived.

### JUNIOR RED CROSS TO

#### SELL 1919 THRIFT STAMPS

The sale of 1919 Thrift Stamps in the schools of Northern California is to be in charge of the Junior Red Cross, following agreement made by Frederick Whitton, Northern California Thrift Stamp director, and Mrs. H. A. Kluegel, director of the Junior Red Cross for the Pacific division.

The arrangement means that the school work will not be distracted by the entry of another organization and that county Thrift Stamp directors will have the active assistance of one of the strongest bodies of workers that could be found.

There are 2342 schools in Northern California, representing approximately 95,000 children. The Junior Red Cross has 2500 school auxiliaries in these forty-nine counties. Every school has at least one War Savings Society, and the Junior Red Cross officials will receive their supplies of stamps from the county Thrift Stamp directors and make their reports of sales to them.

"We are highly pleased at the generous co-operation of the Junior Red Cross officials in assisting the government's plan of saving," said Director Whitton, "and it means that Thrift Stamp sales in the schools for 1919 will be pushed in an effective manner. I am sure the county directors will be pleased to have this aid."

### GERMAN CROWN PRINCE HAD SUBTERRANEAN BREWERY

Writing from Verdun-sur-Meuse, L. Beauman, former division engineer for the Stockton division of the Southern Pacific, and now engineer, maintenance of way, in the zone of advance, says that at Mont Homme (Dead Man's Hill), a short way from Verdun, the engineers came across the "Crown Prince" tunnel, where comfortable hotel apartments had been constructed and equipped with the latest Teutonic conveniences, including a subterranean brewery. After the St. Mihiel drive, Beauman reveals that the allies were preparing the super-drive of the war near the Swiss border, and trains were moving thither on double track every nine minutes. It was knowledge of these preparations that caused the Germans to conclude peace on any terms.

### WOMAN LOSES PURSE.

Mrs. A. C. Buehler of 473 Grand avenue on Wednesday lost a purse containing one ten-dollar bill and one five-dollar bill. Papers on which her name was written will serve as identification.

### COUNTY RELIEF MAP REMOVED FROM COURTHOUSE ROTUNDA

The big relief map of San Mateo county that has been in the corridor of the courthouse since the close of the 1915 exposition, was removed to the basement of the building last week by the superintendent of the building, Donald Mackenzie. The map had a prominent place in San Mateo county's booth at the fair and was much admired. Some time ago the Native Sons of the county petitioned the Supervisors to have it removed, as it obstructed the view of the great seal of the State of California on the floor of the courthouse rotunda.

### F. C. TALBOT DIES IN S. F.

Frederick C. Talbot, head of the Pope-Talbot Lumber Company and the owner of a beautiful country estate at Woodside, died at his apartments in the Hotel St. Francis, San Francisco, Monday morning, after a short illness. Talbot's wife passed away at the same hotel in February, 1918. Mrs. Charles Helms of San Francisco is the only surviving child, and it is expected will inherit his large fortune.

### FORMER LA HONDA RESIDENT PASSES AWAY AT OAKLAND

Mrs. Irene B. Woodhams, stepmother of R. E. Woodhams, owner of the Woodhams Scenic Stage Company, operating between Redwood City and Pescadero, passed away at Oakland last Saturday. Mrs. Woodhams was a native of Maine and was 72 years of age. The funeral was held Monday afternoon, incineration taking place at the California Crematory, Oakland.

### CUPID IS LOAFING ON THE JOB IN SAN MATEO COUNTY

The past week has been an exceptionally quiet one in the marriage department of the County Clerk's office, only two licenses being issued since last Thursday. The two were: Moseley Taylor, 24, Boston, Mass., and Emily Pope, 21, Burlingame. Alfred B. Kintzley, 27, and Josephine W. Schath, 18, both of Burlingame.

### TAKEN ON NEW CHARGE

H. J. Foster, charged with passing a bogus traveler's check on the First National Bank of San Mateo, was placed on probation for one year by Superior Judge George H. Buck last Thursday afternoon. Foster was re-arrested, however, as soon as he stepped outside the courtroom by Sheriff Michael Sheehan, at the request of the Salinas police, who hold a warrant charging him with passing worthless checks. Foster was taken to the Monterey county jail this week.

### SUSPECTED BURGLAR ONLY "WAITING FOR A FRIEND"

Ivan Paulic, an Austrian, aged 37, who says he is from San Francisco, was arrested by Night Officer C. L. Collins at an early hour Friday morning and charged with attempting to burglarize the fruit store of Joe Demma on lower Main street, Redwood City. Collins caught Paulic in the act of trying to open a door in the rear of the place with a skeleton key. The fellow denied that he was trying to break into the store, but tells an incoherent story of having been waiting for a friend who had gone into the store to telephone, when the officer came along and arrested him.

Paulic was given a hearing before City Recorder Albert Mansfield Monday afternoon and his actions were so peculiar that Mansfield decided to hold the man over and refer the case to District Attorney Swart for investigation.

### ANGLERS LOOKING FORWARD TO OPENING OF TROUT SEASON

The trout season opens in San Mateo county on the first of April. With the recent heavy rains insuring a plentiful supply of water in all the mountain creeks and with the stocking of the principal streams last year with thousands of young trout, local anglers are looking forward to a most successful year. Fishing licenses for 1919 can be obtained at Hull's hardware store on Main street and at Winter's cigar store on Broadway.

The last important "kerosene station" on the San Joaquin division of the Southern Pacific has passed forever with the installation of electric lights at the little town of Mojave. No station on this long division is now without modern illumination.

## SAN BRUNO NOTES

A large audience attended the stereopticon lecture, "China," which was given at the Methodist Church on Wednesday evening last.

The subject of the lecture scheduled for Friday evening is "India," and a San Francisco violinist will give several selections during the evening's entertainment.

The lecture topic for the following Friday evening is "North Africa."

The public is cordially invited to attend these lectures.

The B. A. Y. are planning for a card party for April 1st.

A delegation of Woodmen of the World attended the installation of officers at South San Francisco on Wednesday.

Will Weddell, who was several months in France with the 363d, arrived home Wednesday and expects to receive his discharge soon.

Mr. and Mrs. Wesley Fox of Huntington have sold their home and are moving to Grass Valley, where Mr. Fox has mining interests.

At a meeting held in Edgemont School Tuesday afternoon for the purpose of organizing the Parent-Teachers' Association, Mrs. H. Spaulding was elected president; Mrs. C. Cryer, vice-president; Mrs. C. Smith, treasurer; Mrs. J. Ledwith, secretary; Miss Linzey, parliamentarian, and Miss Lennon, historian. It was decided to meet at the school the third Tuesday of each month.

C. Parish has sold his home and will move his family to San Francisco.

St. Bruno's Church entertainment at the Novelty Theatre on Saturday evening, the 15th, will start promptly at 8:30. Those not in the hall at the opening of the performance will miss some of the best numbers on the program.

The entertainment at the Novelty Theatre will be followed by a social in Green's Hall at 10 o'clock.

## CLEAR DUTY IS TO BUY THRIFT STAMPS

(By J. Cardinal Gibbons.)

By continuing the sale of War Savings Stamps throughout 1919 the Government has offered to every man, woman and child an opportunity for the display of practical peace-time citizenship by becoming an investor in the securities of his country. It also offers to each an opportunity for self-improvement by giving a chance to save small amounts regularly and systematically and to invest them wisely.

In the hard school of war we have learned much that should be of value to us and to our country in the days of readjustment. We have learned the necessity of saving. Indeed, it was saving that brought us the victory—the willingness of the people to save money, to save coal, to save food. The man, woman or child who has learned to spend wisely and look forward to the future, and to lay by something which will help him in unforeseen emergency is not only helping himself but is becoming a better and more useful citizen.

We should welcome the opportunity afforded by our Government to continue the saving habit. To buy War Savings Stamps is the clear duty of every American citizen, young and old.

I urge all our clergy to promote this campaign by every means in their power. I urge our good people to give it their heartiest support, and from the splendid evidences of their patriotism shown in the last two years, I am confident that it will meet with great success.

I shall follow with profound interest the result of this movement, for much of the future of our blessed country will depend upon the outcome.

What the anarchists need is some leader sufficiently strong or popular to be assassination-proof.

Like the German autocracy, the cootie also believes that "mite" is right.

## JIM CASEY GETS IMPORTANT GOVERNMENT JOB IN S. F.

James T. Casey of Colma, former Supervisor from the First Township in San Mateo county, has been appointed to an important government position at the Federal building in San Francisco. He assumed his new duties on the first of the month. Casey served as Supervisor for eight years and made an enviable record on the board. He was a member of the finance committee that had the handling of the \$1,250,000 used in the construction of San Mateo county's splendid network of highways. The other members of the board serving with Casey were William H. Brown of San Mateo, John MacBain of Menlo Park, Joseph M. Francis of Halfmoon Bay and Drr. C. V. Thompson of Pescadero.

## ACTIVITIES OF WOMEN.

London is to have a club house for Canadian soldiers that will be under the direction of the Catholic Women's League of England.

Factories in China employ women who toil ten hours a day for a few coppers in pay.

Eight hundred women clerks employed by the Bank of England as a war measure have been notified that their services will be no longer required, but that 200 of them may make special application for as many permanent positions in the clerical staff. The salary will be \$15 a week, with a pension of half that amount after twenty-five years' service.

Montana has over 100,000 women who are eligible to vote in all elections.

Mrs. G. S. Banks Stewart, who owns and personally supervises a dozen farms in Illinois, is making a campaign for more gardens on the farms of America.

There are more than two million girls under the age of 16 employed in various occupations in the United States.

Since last September over 16,000 girls employed in Chicago industrial establishments have been instructed in social hygiene.

Widows in the United States outnumber the widowers by three to one.

Alien women in New York City now number 35,000.

Women workers in Kansas are protected both in wages and the number of hours of employment.

Freedom of speech to be worth anything has to be accompanied with the backbone to speak the truth.

## TIME FOR VICTORY LOAN SLOGAN IS EXTENDED

Two weeks have been added to the period of the Victory Liberty Loan slogan contest. Instead of closing March 22 the final day will be April 5.

This extension of time was made at the request of the Southern California Liberty Loan committee, which will make a special campaign to arouse interest in the last three weeks in the hope that good enough slogans may be created to give Southern California the distinction of winning all three of the cash prizes of \$30, \$20 and \$10.

The only limit in the contest is the number of words that can be used in any slogan. Twelve is the limit, but the shorter the better, declares the Slogan Editor, who adds, "We want a stirring battle-cry that will express the spirit of the country in floating this last loan."

Here are a few of the thousands that have been submitted:

"Victory Bonds Bind Victory."  
"Don't Quit Because the Kaiser Did."

"Are You Grateful? Loan."  
"What Is Victory Worth to You."

"Prosperity for Posterity."  
"You Ordered Victory. Pay the Price."

"This Loan Is the Last; Let's Finish It Fast."

## INVITATIONAL DANCE AT GOLDEN EAGLE HOTEL

S. Gianella, proprietor of the New Golden Eagle Hotel, will inaugurate an innovation here by giving a public dance in the hotel on Saturday evening, March 15.

The dance is invitational, there being no charge for admission, and will afford the public an opportunity to inspect the recently completed hostelry and hear the new orchestra which is now installed.

Gianella has made preparations for the entertainment of those who take advantage of the opportunity to dance and be merry as his guests.
